

# Innovative Car Detailing While You Work Or Play

## GLEANING - VERB \ GLĒ-NĪŃ \

A green approach to cleaning vehicles that combines a high-performance, scratch-free, eco-friendly line of waterless detailing products with high-quality microfiber towels and talented people (“Gleaners”) to inexpensively deliver hand-waxed car detailing at uniquely convenient locations.

**(Green + Cleaning = Gleaning)**

## GLEANING VENUES

## OUR CORNERSTONES

**CONVENIENCE** – Today’s modern consumers have embraced the transformative “new efficiencies” enjoyed from web-based business models like Uber, OpenTable, and the Cloud, so why not car detailing — or as we like to say: “Gleaning”?

**CONSERVATION** – Clean water is a precious commodity that Glean Me is committed to protecting, so 10% of our profits are donated directly to charitable organizations providing potable water to those in need.

**CONFIDENCE** – Although the high-quality lubricants, waxes and surfactants contained in the Glean Me products have delivered beautiful, scratch-free Gleanings for years; we also have a comprehensive \$2,000,000 insurance policy for our Clients’ peace of mind.

**COMMITMENT** – While our products are special, client satisfaction is ultimately determined by the quality of the overall service experience. We are committed to providing an intensive, mentor-based training program to strengthen and refine the dynamic life-skills that enable our Gleaners to consistently excel in this area.
